MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Passenger Transportation in Washington Area

1. I would like to endorse the recommendations of the paper of the above title and dated 10 March.

2. Inasmuch as I have had considerable difficulties with transportation, I would personally welcome any arrangement which will provide improvement and I am pretty well convinced this should.

3. While I agree with paragraph 3.h. of the covering memorandum and while efficiency is enough to justify the change a most important consideration in my judgment is the constant requirement that we, in a favored budgetary position, exercise rigorous self-discipline in making sure that the tax payers' money is properly spent.
